

## COVID-19 PREVENTION MEASURES

At **betahaus| Barcelona** our coworkers' wellbeing is our first priority.

New challenges demand new solutions, in response to the COVID-19 pandemic we have adjusted our workspaces and cleaning investment to offer our clients a secure space respecting highest standards, reinventing our service range and personalising our products.

We continue to strive improving the world of coworking, may it be for remote clients, self-employed or teams. Creativity leads our way adjusting to the new normal, making it our stepping stone into the future of work – a better version – providing a maximum in flexibility, collaboration and productivity.

Find out more about our COVID-19 measures and latest offers at [betahaus](#).

# COVID-19 PREVENTION MEASURES OUR WORK ENVIRONMENT

## CLEANING & SANITIZATION

Prevention is at the core of our measures. To reduce the risk of COVID-19 infections, we have increased our cleaning budget to daily disinfect all our workspaces. Along with surface cleaning, air purifiers minimise the spread of bacteria and virus through the air.

## HEALTH PROTOCOLS

In tune with the governmental health recommendations betahaus | Barcelona respects social distancing regulations as well as the use of masks when these distances cannot be met. We are in constant communication with the authorities to ensure we offer the best possible implementation of health protocols. Signs throughout our coworking space guide our users informing them about the latest code of conduct.

## CONTACTLESS TECHNOLOGY

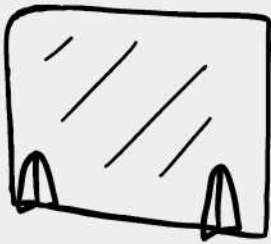

We use contactless for our door systems, logins booking, printing and management technologies

# COVID-19 PREVENTION MEASURES IMPROVED WORKSPACES

## AIR PURIFICATION

Ozone purifiers clean the air of all floors of our coworking at night.

## ACRYLIC DIVIDERS

The implementation of acrylic dividers between desks increases personal comfort and protection without blocking light or social interaction.

## HAND SANITIZERS

Hand sanitizers are available at disinfection stations to our coworkers and staff.

## COFFEE STATIONS

Coffee and beverage stations are being installed on every floor, creating less touch points and more comfortable service points for our coworkers. Cups are made from recyclable natural materials.

# COVID-19 PREVENTION MEASURES IMPROVED WORKSPACES

## SAFE SHARED WORKSPACE

For clients opting for our flexible hourly offers, we disinfect shared desks before and after use by every client.

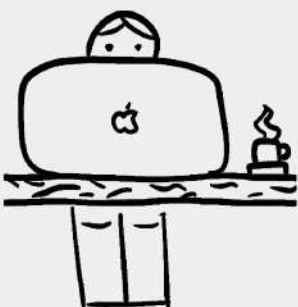

## PRODUCTIVE WORK ENVIRONMENT

betahaus offers a calm, professional alternative to home offices, reducing distractions and improving creativity through the sense of community and thought exchange.

## TEAM ROOMS

For team preferring a closed space reducing touch points with others, we recommend options to book entire floors to cater your employees or team rooms.

## DEDICATED DESKS

Providing our coworkers with dedicated desks combined with daily check-ins makes contact tracking effortless. Additionally coworkers benefit from increased personal space
